Announcements

- Contact LUPD instead of filing a non compliance form at 2091
- Elwood's Cabinet is open on Monday and Thursdays from 6-8
- BSA is hosting a Black Lives Matter week next week to help spread awareness and history on the subject

Open Forum

- Health center isn't the fastest so how can kids not pick between going to class or staying safe?
 - o If someone goes into the covid protocol, the student will get academic support. Academic support will be in contact with them
- The Internet has been slower than usual this semester, who can we reach out to for help?
 - o Call or email the help desk or shentel
- Covid and the effects on students. Students are being blamed even though faculty and the university needs to be held accountable. Classrooms are not socially distanced and have 25 kids to a room. In order to get students to take responsibility, the professors and university needs to take responsibility as well

- Matt McGregor: I am sure there are students and staff who take it less seriously than others. We all have to be intentional with socializing at this point of things. We are all in this together. We are not turning people away at the health center however we do prioritize students that have direct contact with a positive case if the health center is busy.
- Dr. Pierson: None of the classrooms are different than what they were in the fall. If anything is concerning or different, please report the specific classroom number and class time.
- Facility and staff do in fact get reported when they are not complying with covid guidelines.
- How many feet apart do desks and students have to be in a classroom?
 - The governor put out 6 feet with social distancing. Most classrooms were originally at 8 feet. The fitness center is 10 feet.
- Why do we only have a desk aid only 11-7 in Ark? No one answered the dispatch number when I tried calling after hours.
 - There should always be someone answering the number. We put together a plan that we thought would meet the needs of campus but we can look into fixing that
- Planning some positive activities in the future is a good idea
 - Pairing with faculty and faculty senate and have a night where they connect with people in their majors over zoom one night
- Advertise SGA with a banner to recruit new members for elections in March
- Can we do something with the greenhouse on the backside of Jeffers?

New Business

- None

Announcements

- LUPD 2091
- Elwoods cabinet is open Monday and Thursdays 6-8
 - Applications to be on the board are open until March 5th
- VA21 meeting March 11th, 7pm. Going over everything that happened in 2021
- The Publicity Committee handing out beanies and stickers on brock commons in front of library from 12-2
- NPHC family feud at 6pm tomorrow (zoom link in minutes)

Open Forum

- Admissions is at an important time of the year. The magic of Longwood is being on campus and seeing it in person. Admissions has a modeled room in Johns (205) for new students to go into and see. Admissions is taking the stairwell to the room in groups of 10, all masked. Students are concerned because off campus students can visit the room but other Longwood students can not visit friends in other dorms.
 - The difference between the visitors seeing the room and the students visiting other dorms is that the visitors are **in and out quickly**. The virus will not be spread that way.
- Why are professors allowed to assign work that is due on our spring break days?

- Dr. P: The university is open on the days but as far as classes and assignments, they should have not had them due on those days. It will be brought up in faculty senate
- Try emailing your department chairs about the specific professor
- What is the purpose of Lankford now since we have Upchurch built now?
 - Brock experience is in that building along with the child development center on the bottom floor

Approval of the Agenda

- Senator Jones

Special Orders of the Day

- o ROW Award Presented to BSA Rep Lucas From Senator Brown

New Business

- Voting on Diversity and Inclusion Statement presented by President Bowen:

An Affirmation

As we develop the citizen leaders of tomorrow,

- **We commit to the genuine acceptance of diversity, and the valuing of equity, inclusion, and social justice**
- **We recognize that equal access and opportunity in all aspects of campus life is essential**
- **We will engage in the practices of civility, accountability, and ethical behavior**
- **We will work together to remove barriers and promote a culture of inclusivity, compassion, and mutual respect.**

In the spirit of shared responsibility, we encourage every Longwood University student to help make our campus a welcoming place for all.

- Senator Kante: Was this framework to make a statement for the Asian community or is it more for diversity in general?

- President Bowen: It is more of a general umbrella. We are going to come out with a statement to the Asian community
- BSA Rep Lucas: BSA has a concern that this keeps happening where the statement constantly needs to be changed. What makes this statement better than the last one?
 - President Bowen: Making the statement longer and more thought out was a number one priority. I wanted this to be a statement that we all stand by and support.
- Senator Terry: Can multiple organizations be represented in this statement?
 - President Bowen: Yes, I agree. I plan on making a resolution with all of the minority orgs

Motion was approved to to fast track the statement and the motion passed. The statement will be shared and published broadly in various formats.

 - We can look into that. Library to canvas
 - There is a library instructor linked to each major
- **Presentation from Provost Smith** w/ questions and concerns about mental health days
 - This has been quite a difficult year, especially for college students
 - Thank you SGA for your leadership to the students throughout this
 - We are working with you for ways to bring campus enrichment back to life

 - What was the experience for students on March 1st (1st mental health day)?
 - Students had quizzes, papers and assignments due on that day
 - A student had class on March 1st
 - I (Provost Smith) will address these concerns to faculty senate to make sure it does not happen again on April 1st and 2nd
 - Students should have lancer days/excused absence health days throughout a “normal” semester

New Business

- Voting on revision to the constitution
 - What is was:
 - 6. The club/organization’s constitution will then go to the SGA office to be read, edited, and signed by at least 5 Senate members.
 - 7. The club/organization will then be provided the Senate’s suggestions.
 - 8. The club/organization is required to present to the Assistant Director of Student Clubs and Organizations and the SGA Historian.
 - 9. Upon attaining the final constitution, the SGA Historian will present the document to the SGA Senate for approval.
 - What we will change it to:
 - 6. The club/organization’s constitution will be reviewed and edited via an electronic document by the SGA Historian, 2 members of the Historian Committee, and the Director of the University Center and Student Activities.

- 7. Delete
- 8. (new 7.) The club/organization will make a presentation to the SGA Historian and the Director of the University Center and Student Activities.
- 8. . Upon attaining the final constitution, the SGA Historian will present the document to the SGA Senate for questions and approval.
- 10. becomes 9.
- We are doing this because it is hard for clubs to go through the process during Covid with everything online. It will get clubs in and out faster. It is long overdue
- **Revision passed**
